

SPICER[®]

Genuine Spicer[®]

Differential Covers

www.spicerparts.com

We've Got You Covered! Protect your differential with the same name you trust for all your parts—genuine Spicer®. No matter where you're taking your vehicle, Spicer has a differential cover that meets your needs. Spicer diff covers deliver the quality you expect from original equipment parts. While the Spicer standard and aluminum finned covers are genuine OE parts, the Spicer performance differential cover is designed to meet the rugged demands of off-road environments. Don't trust your differential components with a knock-off cover—trust genuine Spicer parts.

Genuine Spicer Differential Covers for Every Application.

Your differential is engineered from some pretty intricate components, and nothing keeps everything protected like genuine Spicer differential covers. Spicer diff covers keep your parts safe, and they're designed to meet the needs of any application. Whether your vehicle is built for speed, heading off-road, or just braving the hazards that get you from Point A to Point B, Spicer is there—protecting your investment.

Spicer Genuine Standard OE Differential Cover

- Application specific design and materials (steel/aluminum)
- Manufactured to original equipment standards
- Includes hardware and drain plug

Spicer Aluminum Finned Differential Cover

- Built from lightweight aluminum
- Engineered to dissipate heat quickly
- Includes hardware and drain plug

NEW! Spicer Performance Differential Cover—Off-Road

- Designed and engineered for off-road applications with an aggressive look to match trail-ready strength
- Manufactured from high-strength, nodular iron
- Built with ribbing to protect differential components for off-road environments
- Ensures greater housing rigidity
- Enhances the look of your undercarriage
- Raised fill plug for increased fluid capacity on high pinion angles
- Includes hardware and drain plug

Differential Cover Application Information. See the chart below and on the back for a complete list of the makes, models and applications. This chart information is intended **for reference only.** Please refer to the bill of materials and catalog information available at www.spicerparts.com; click on The Expert to browse our complete eCatalog.
